- Webcam interaction
- Animations

Backend

- Routing
- Authentication & Authorization
- Pagination
- Error-handling
- Request Parsing
- File Upload & Download
- CORS Handling
- Encryption

Currently learning

TypeScript GraphQL NextJS

Work Experience

Mar 2020 - Now   **Study and learn web development.**
I Recently completed Academind's Javascript and NodeJS courses and also retook their updated React course on Udemy. Currently I'm taking their MERN course. Meanwhile I'm also working on a few projects of my own. One of my recent projects is a social media app with signup/login and a profile page. Live demo, GitHub.

Jan 2019 - Feb 2012 **Brand Manager, Ethnophere Co. Ltd.**
During this time I became interested in web development through working with the company's Shopify store.

Early - Dec 2018   **Professional poker.**
For the majority of my adult life I have been playing poker professionally, only interrupted by university enrollments.

Diplomas and Education

Aug 2014 - June 2015 **Healthcare Technology (Engineering) at Denmark's Technical University.**
I finished two semesters with good grades, but decided to move to Thailand and continue my poker career.. Topics included math, signal processing, medico technology, IT. Diploma here.

Aug 2010 - June 2012 **HD Part 1 at Niels Brock - Copenhagen Business College.**
I Graduated this two year degree. Subjects included business economics, strategy, law and statistics. Diploma here.

Aug 2006 - July 2007 **Social sciences at Roskilde University.**
I finished two semesters with good grades, but decided it wasn't for me. Topics included economics, politics and sociology. Diploma here.
